Boat Soap Eco

Shampoo biodegradabile universale

Shampoo per imbarcazioni, formulato con tensioattivi di origine vegetale, totalmente e velocemente biodegradabile. Pulisce a fondo vetroresina, superfici verniciate, metallo, gommoni, ecc.

Si usa come un normale shampoo, in diluizione in acqua fino a 1/200 (1-2 cucchiaini in un secchio d'acqua).

Si risciacqua con acqua dolce.

Biodegradable ecological shampoo

Universal boat shampoo formulated with surfactants of vegetable origin, which is totally and swiftly biodegradable. Thoroughly cleans fibreglass, painted surfaces, metals, inflatables, etc.

Use as a normal shampoo. Dilute in water up to 1:200 (1 – 2 spoons in a bucket of water). Do not allow to dry on the surface. Rinse with water.

Shampooing écologique biodegradable

Shampooing universal formulée avec des tensioactifs d'origine végétale entièrement biodégradable. Adapté pour la fibre de verre, les surfaces peintes, métal, pneumatiques, etc.

Diluer avec de l'eau douce comme un savon liquide standard, selon l'usage. Rincez à l'eau douce.
